

Course Requirements & Armamentarium

ADVANCED RESTORATIVE DENTISTRY: AN ADVENTURE IN EXCELLENCE with Jeff Brucia, DDS

June 26, 27; July 28, 29, 2009

PRE-PROGRAM ASSIGNMENTS

It is important for you to complete the pre-program assignments listed below before the start of the program. Since space in the program is limited to only 16 participants, you are strongly encouraged to register for this program by **June 12, 2009. Click here to REGISTER NOW.**

1. You will need to fabricate and bring with you two (2) sets of unmounted accurate upper and lower study models of your own mouth poured in pink or green stone.

2. You will also need to pre-fabricate a CR splint made to fit your own upper arch that is designed to reposition the condyle in the most superior position. A diagnostic cast mounted with a face bow and a CR bite taken with a minimum of 1 mm posterior clearance should be sent to Great Lakes for this splint work. Plan on a two week turnaround. The phone number is **800-828-7627 ext 263**. Ask for Julie or Jennifer and specify that the splint should be designed per **Dr. Brucia's instructions**. Write this directly on the prescription. The fee for this splint is approximately \$140.

ARMAMENTARIUM

It is important that you make every effort to bring all of the items listed below in order for you and your workshop partner to be able to participate in the workshop portion of the course. For your convenience, you may order these supplies directly from Pacific's student store at **www.dentalstudents.com** or e-mail **nherbert@pacific.edu**.

Attendees to provide:
