## ***New Reduced-Fee Dental Services for Veterans***

### **Did you know?**

When men and women from the armed services are discharged they no longer have dental benefits as part of their medical coverage through the Veterans Administration. Our new reduced-fee dental program is designed to support the oral healthcare of veterans from throughout the Bay Area.

- Comprehensive dental care provided by dental students and residents.
- Reduced-fee services are offered at the Denti-Cal rate (often up to 30-40% off the typical rate of a private dental practice). Payment plans available for those who qualify.
- Care includes check-ups, cleanings, fillings, scaling and root planning, removable partial dentures, crowns, endodontic procedures, implants and more. Patients with flexible schedules are invited, as appointments often have extended times and take multiple visits.
- Our state-of-the-art clinics are conveniently located at 155 Fifth Street in downtown San Francisco, accessible by BART/Muni.

**Call 415.929.6501 for a screening appointment and to learn more about dental services for veterans! Learn more about our clinics at [dental.pacific.edu](http://dental.pacific.edu).**
